

# Asus TF300 Transformer Pad 32GB 3G + WiFi (with Keyboard) - NVIDIA Tegra 3 Quad-core Multimedia Device

Now available unlocked and online

Asus TF300 Transformer Pad 32GB 3G + WiFi (with Keyboard) is the 3G version of the latest tablet introduced in the Asus Transformer Pad series. It is now in stock and available for purchase from MobiCity, Australia's favorite online mobile phone and tablet store.

The device showcases a sleek and stylish design offering a 10.1-inch LED backlight IPS capacitive touchscreen display with a screen resolution of 1280 x 800 pixels and wide viewing angles. It supports multitouch, employs the Asus Waveshare User Interface and comes with the Transformer Pad mobile dock which, when attached, provides a full physical QWERTY keyboard essentially transforming the device into a netbook.

Asus TF300 Transformer Pad 32GB 3G + WiFi operates on the extremely powerful NVIDIA Tegra 3 Quad-core 1.2GHz processor, runs Android OS v4.0 (Ice Cream Sandwich) and is loaded with GeForce 12-core GPU with built-in 3D stereo. It provides a RAM of 1GB and an ample internal memory of 32GB. There is also the option of extending memory through a microSD memory card. These specs offer the ultimate mix for multi-tasking, internet browsing, gaming and multimedia.

The brand new tablet sports a potent 8.0 Megapixel primary (rear) autofocus camera with a picture resolution of 3264 x 2448 and additional functions of geo-tagging and Full HD 1080p video recording. It also offers a secondary 1.2 Megapixel (front) camera for video conferencing.

Other features of the device include - 3G & Wi-Fi connectivity, Bluetooth v3.0, USB v2.0, GPS, Java MIDP, HDMI port, HTML & Adobe Flash browser, SNS integration, music & Full HD video player, SonicMaster high quality audio, audio jack, built-in mic & speakers, G-sensor, light sensor, gyroscope, E-compass, Polaris Office document editor, organizer, voice memo, photo viewer & editor and Swype.

Asus TF300 Transformer Pad 32GB 3G + WiFi (with Keyboard) comes with a 12-month warranty and free shipping anywhere in Australia or New Zealand. It can be purchased now from MobiCity.
