

ByteZone introduces the ThumbDrive 2 Smart micro-USB portable storage device for evaluation.

Transportation of documents and presentations can be undertaken with minimal fuss, with a navigator and toolbar making management of these files even easier. With the ability to be used on desktop PCs and laptops, this USB2.0 plug and play device offers high-speed data transfer.

The following assessment units are available now from Word Force Advertising & PR for evaluation.

What: ThumbDrive 2 Smart micro-USB external storage device

Capacity: 64MB

Size: About the size of a peg

Comments: No power supply required, compatible with MS Windows 98, 98SE, ME, 2000, XP and Mac OS 8.6 and above.

These products are well suited to any features on storage, security, mobile backup and provide excellent break out for product showcases or new products sections.

The products have been provided for evaluation by ByteZone, specialising in portable storage solutions selling over the internet www.bytezone.com.au
