

# CA appoints Director to lead Enterprise Systems Management and Storage business units

CA (formerly Computer Associates), the worlds leading Enterprise IT Management (EITM) software company, has appointed Simon Barnier to Director, Enterprise Systems Management (ESM) and Storage business units, Pacific. Prior to his appointment, Barnier held the position of Sales Manager for CAs Victorian operation, where he delivered consistently strong results.

Barnier is responsible for developing the go-to-market strategic plans for the ESM and Storage business units, increasing revenue and reinforcing CAs position in the market as a leader in ESM and storage.

Tony Armfield, CAs Pacific Area Manager and Managing Director says, CAs EITM helps organisations reduce complexity and align IT resources to meet changing business needs. Simon has a depth of understanding of how IT can deliver business benefits through optimising resources, addressing cost reduction and risk management and delivering results for our customers.

Barnier has 17 years experience in the IT industry in sales management. Prior to joining CA, he worked in the mobile wireless computing industry holding various roles from Senior Sales Executive through to Systems Development Manager. Simon joined CA in 1999 as a Sales Executive for the New South Wales team.

Barnier will be based in Sydney.
