

Canon supports Leadership New Zealand

Canon New Zealand is pleased to announce their alignment with Leadership New Zealand as a supporting partner.

Canon New Zealand is pleased to announce their alignment with Leadership New Zealand as a supporting partner.

Leadership New Zealand is a not-for-profit trust that focuses on developing and enhancing the quality of our countrys future leaders.

Mike Johnston, Country Manager of Canon New Zealand says they are pleased to be a part of an organisation whose focus is to build a culture of leadership in New Zealand.

We look to align ourselves with other groups and organisations that demonstrate a similar focus on people and communities. The influence Leadership New Zealand has on the depth and breadth of leadership in New Zealand and their ability to connect people and bring together leaders across all arenas we feel is truly invaluable.

Megan Barclay, Executive Director for Leadership New Zealand says they are thrilled to have Canon onboard as a partner.

Canons core values and focus on innovation and leadership are inspirational and we are honored to have their support and involvement,

Canon is committed to making a positive impact in the community and their assistance enables us to bring together emerging leaders from every part of society and connect them with prominent nation-shaping leaders. says Barclay
