

# Citrix® Expands Mobile Workforce App Lineup with Free GoToMeeting App for Android™ Users

Award-Winning Online Meeting App on Android Smartphones to be Pre-Loaded with Citrix Receiver™ on DROID BIONIC by Motorola Through Verizon Wireless

Citrix Expands Mobile Workforce App Lineup  
with Free GoToMeeting App for Android Users

Award-Winning Online Meeting App on  
Android Smartphones to be Pre-Loaded with Citrix Receiver on DROID BIONIC by  
Motorola Through Verizon Wireless

Provides the Easiest Way For Users to Join  
Meetings Instantly from Anywhere at Anytime, Transforming the Way People Work

SYDNEY, Australia September 8, 2011 Citrix Systems today announced the expansion of its growing line of mobile workforce solutions for the Android Market with the availability of Citrix GoToMeeting for Android™. Available as a free app, Android smartphone users will have access to the industry's easiest and most convenient mobile collaboration application to join online meetings anywhere, anytime. Citrix GoToMeeting will also be pre-loaded on the DROID BIONIC by Motorola, the latest Android-powered device from Motorola Mobility arriving at Verizon Wireless on September 8, 2011. Motorola will also be pre-loading Citrix Receiver, which enables customers to access their corporate Windows apps and documents on over one billion different devices, regardless of operating system or form factor.

DROID BIONIC by Motorola follows DROID 3 by Motorola as the second Android-powered device to pre-load GoToMeeting and Citrix Receiver, making it easy and convenient for users to attend online meetings and access their applications, desktop and data while on the go.

Citrix believes its expanded mobile collaboration platform will ensure maximum work flexibility and support, providing businesses of all sizes new ways to stay connected and productive regardless of location a concept Citrix calls workshifting. Using Citrix mobile apps, people can join a meeting anywhere they take their mobile device in a taxi, on a park bench, in an office or from any location.

GoToMeeting will be available on Android tomorrow which opens a world of choice for our customers who rely on our application for high-quality, secure and reliable web and audio conferencing. Today's announcement underscores our company commitment to helping businesses large and small achieve flexibility and agility in the way they work for maximum productivity and success, anywhere at anytime, said Bernardo de

Albergaria, VP and GM, Collaboration, Online Services Division, Citrix Systems.

Portrait

or landscape view: Flip your Android device to adjust your view of meeting content.

See

whos attending: View a list of meeting attendees.

Why it Matters

The

world of work is no longer confined to the office and collaboration solutions like GoToMeeting

and mobile devices powered by Android are transforming the way people work by enabling them to get work done anywhere, anytime even while on the go.

#### Citrix

GoTo mobile services ensure secure, reliable and high-performing support for the growing mobile workforce. This mobile portfolio includes apps for iPad that support GoToMeeting, GoToMyPC, GoToManage and GoToWebinar; iPhone apps that support GoToMeeting and GoToWebinar; and now GoToMeeting for Android.

#### Citrix

is making collaboration possible on the go, transforming the way people work, and enabling them to work wherever, whenever and however they choose.

#### IDC Reports Steady Adoption of Android by Business Users

Device manufacturers have invested a good deal of time and resources to make their Android devices more enterprise friendly. Shipments of Android devices around the world have increased at astounding volumes each quarter and enterprises recognize the productivity benefits from providing the right tools to a growing mobile workforce. IDC believes that vendors will ship a total of 178.9 million Android-powered smartphones by the end of 2011 and reach 420.0 million units by 2015. Stephen Drake, Program Vice President, IDCs Mobility and Telecom Research

About Citrix

Systems, Inc.

Citrix Systems, Inc. (NASDAQ:CTXS) is a leading provider of virtual computing solutions that help companies deliver IT as an on-demand service. Founded in 1989, Citrix combines virtualisation, networking, and cloud-computing technologies into a full portfolio of products that enable virtual workstyles for users and virtual data centres for IT. More than 230,000 organisations worldwide rely on Citrix to help them build simpler and more cost-effective IT environments. Citrix partners with over 10,000 companies in more than 100 countries. Annual revenue in 2010 was \$1.87 billion.

The Online Services Division of Citrix provides secure, easy-to-use cloud-based solutions that enable people to work from anywhere with anyone. Whether using GoToMeeting to hold online meetings, GoToWebinar to conduct larger web events, GoToTraining to train customers or employees, GoToMyPC to access and work on a remote Mac or PC, GoToAssist to support customers or GoToManage for IT support and management, businesses and individuals are increasing productivity, decreasing travel costs and improving sales, training, and service on a global basis. For more information, visit [www.citrixonline.com](http://www.citrixonline.com).
