

# Cognito Software has announced the availability of MoneyWorks Cashbook 5 in Australia.

MoneyWorks Cashbook is the ideal accounting system for cash-based organisations. With this easy-to-use, yet powerful accounting software you'll gain greater control over your accounts and spend less time doing them, which means you'll have more time to focus on other important areas of your business.

## Highlights of MoneyWorks Cashbook 5

- \* A cash book to record all your payments and receipts
- \* Easy handling of GST on a payments basis
- \* An integrated General Ledger that is automatically updated
- \* Internet-enabled to save you time
- \* Import .QIF bank statements from your bank's web site
- \* A database of customers and suppliers
- \* A products database
- \* Comprehensive enquiries and reports
