

Emily Williams (Ex Young Diva & Idol Royalty) Releases Album

'Uncovered' - Released 10th February

Press Release With Platinum selling hits, sell-out shows in Australia's premier dance clubs and a voice that leaves any crowd begging for more it's hard to believe that Emily Williams only stepped into the limelight to become a household name in 2005's Australian Idol!

From huge success as part of the Young Divas to massive solo singles Spellbound, You're Mine and the Red Cross charity single Never Alone Emily has proved that she is a true talent, a club diva, a musical genius and a true Australian treasure!

Deciding to release an album was a big step for Emily, I wanted the sound to be true to me, no cover tracks, just real songs written by me for the dance floor and from the heart. After working with some amazing international talent Emily has crafted the eagerly awaited Uncovered.

I decided on the title 'Uncovered' as I feel that this is the first time Australia & New Zealand has seen me totally raw. I'm not with the band and I'm nothing behind anything it's just me, up front and personal and I love it! 'Uncovered' is released 10th February 2012 and will coincide with a national tour commencing with an appearance on C7's 'The Morning Show' (9th Feb) and a special performance at the Sydney Entertainment Centre for the Kings Game (10th Feb)!
