

Fancis Ramos appointed as new Software Consultant for Star Business Solutions Sydney Office

Greentree Clients gain access to another experienced Business & Accounting Software Consultant

Star Business Solutions is pleased to announce the appointment of Francis Ramos to its Sydney office as a Greentree Software Consultant starting 24th May 2010. Greentree is Australasia's pre-eminent Business Management & Accounting Software Solution.

Francis joins Star as a Greentree System Software Consultant having previously worked for Infoscape Inc. Since 1992 he has worked on implementations, development and project management consulting roles for middle tier companies as well as many high profile multinational companies. His work covered Financials, Logistics, Distribution, Manufacturing, Business Intelligence, Retail, Point of Sale, Warehousing, Sales, Inventory and much more.

Prior to moving to Australia with his previous employer, Francis gained exposure to operating systems, business processes and techniques throughout the Asia Pacific region in such places as Philippines, Indonesia, Thailand, Vietnam & Malaysia. He has also implemented ERP systems in a number of industries such as Pharmaceutical, Automotive, Food & beverage, Insurance, Heavy Industry, Warehousing, Manufacturing etc.

Prior to his joining Star as a Greentree Software Consultant, Francis has gained experience with the following Financial Accounting / ERP / Distribution / Manufacturing packages:

Platinum Financials
