## How to prioritise & process improvement projects â€" a Professional Advantage Seminar.

This seminar will be held in North Sydney on Tuesday 1 March 2011.

Come along to our FREE Seminar to find out how Professional Advantage and XMPro can help you prioritise and deliver your BPM projects to support fast business improvement. Using our techniques and tools, we can assist you with identifying, planning & prioritising business improvement opportunities that provide the best value, achieve improved outcomes cost effectively and implement continuous improvement across the business. This seminar is for anyone seeking to: Identify and rank business improvement opportunities. Define critical success factors for your business case. Assess implementation considerations such as complexity and risk. Build a business case to start your projects now. For more information on this seminar, please click here.
