

Innovate SA: Free Innovation Audit

South Australian manufacturing companies are invited to participate in a free pilot of a new Business and Innovation Audit.

The Audit will provide businesses with a diagnostic overview from an economic, environmental, social and innovation sustainability perspective.

Developed as an initiative of DMITRE (SA Government) in partnership with Innovate SA, BankSA and Fraunhofer IAO Germany, the Audit will provide SA based companies with benchmarking against European business data.

The pilot will be conducted from mid-February to the end of March 2012.

Interested companies are asked to contact Innovate SA for further information regarding selection, on 08 8113 0700 or visit www.innovatesa.com.au to find out more.
