

IT'S OFFICIAL "DOGS REALLY CAN LOOK LIKE THEIR OWNERS!"

UrbanPup.com have launched a new matching "mummy & puppy" t-shirt range

Often it has been said that dogs and their owners look alike. Much research has been completed around the topic and a study from Bath Spa University, England has confirmed that you can guess pretty successfully what breed of dog a person might own just by looking at the owner.

UrbanPup.com, the online retailer who specialise in high fashion dog clothes and accessories, have taken this research to heart and now have a range of mummy and puppy matching GlamourGlitz t-shirts. The t-shirts are available in a variety of designs for all personalities. There's a skull and crossbone design for rockers, a royal crown for princesses or even a little devil for your naughty side! Each t-shirt is individually crafted with sparkling rhinestuds that glisten in the light and is available in a range of colours. Most importantly, the designs are the same for mummy and puppy so you really can look like each other!
