

LED LENSER P7

LED LENSER OPTOELECTRONICS

A Serious
Torch for the Serious User

NEW LED LENSER
P7 Tactical

For a high performance tactical light look no further than the NEW LED LENSER P7 Tactical a torch that promises to outshine any light of its size.

Equipped with the Advanced Focussing System that is unique to LED LENSER. The P7 Tactical offers a circular spotlight or a sharply focused beam with a range of up to 200 meters.

The simple three-step cycle switch function is designed for one handed speed. Simply press for maximum light (130% - Turbo Mode), click for high light (100% - Power Mode), click again for low light (15% - Economy Mode).

Designed in Germany, the P7 Tactical comes with 200 lumens of light - in laymans terms it doesn't get much brighter!

With up to 120 hours of battery life from four standard AAA batteries, the LED LENSER P7 Tactical offers value for money, making it ideal for both professional and personal use.

Made with aluminium body, the LED LENSER P7 Tactical is available with both a black or titanium finish. The torch comes with a nylon pouch and is presented in a black Gift Box.

For a small, light, solid and well balance torch the new LED LENSER P7 Tactical is a welcome addition to the LED LENSER High Performance range .

Price: \$139.95
