

Motorola Defy XT535 - NextG Compatible Android Smartphone with IP67 Rating

Now available unlocked and online

Motorola Defy XT535 is a brand new addition to Defy series smartphones. It is instock now and available for purchase from MobiCity, Australia's premiere online mobile phone store.

The phone flaunts a rectangular slab form design and is certified to IP67 rating, making it completely dustproof and waterproof up to 1 meters of depth and 30 minutes of submersion. It features a 3.7-inch FWVGA capacitive touchscreen display having a screen resolution of 480 x 854 pixels and a pixel density of 240 ppi. The screen supports multitouch and comes with Corning Gorilla Glass for enhanced protection against scratches. The user interface employed by the phone is MotoSwitch UI.

Motorola Defy XT535 operates on a Qualcomm 1GHz processor with a RAM of 512MB and is powered by Android Gingerbread v2.3.7. It comes loaded with Adreno 200 GPU for enhanced graphics support especially when playing movies or running games and apps. The phone provides an internal storage of 1GB which is expandable up to 32GB through microSDHC memory card.

The device boasts a 5.0 Megapixel primary autofocus camera with a picture resolution of 2592 x 1936 pixels and a camera zoom of 4x. Other camera features include - video recording, anti-branding, color effects, scenes, white balance and LED flash. A secondary 0.3 Megapixel fixed focus camera is available for video calling.

Other highlights of the phone include - 3G 850 & Wi-Fi connectivity, Bluetooth v3.0 with A2DP, USB 2.0 High Speed, Assisted GPS,

E-compass, accelerometer, magnetometer, proximity sensor, ambient light sensor, Android WebKit browser, SNS & Google integration, music & video player, 3.5mm audio jack, document viewer, photo viewer & editor, organizer, voice commands and predictive text input.

Motorola Defy XT535 comes with a 12-month local warranty and free shipping anywhere in Australia or New Zealand. It can be purchased now from MobiCity.
