

# NETSTARLOGICALIS STRENGTHENS MANAGEMENT TEAM WITH SENIOR PROMOTION

Sydney, AUSTRALIA 15 July 2010

NetstarLogicalis today announced it has strengthened its senior management team with the promotion of Justin Bock to the role of National Sales Director. As National Sales Director, Bock is responsible for managing NetstarLogicalis national sales strategy, including sales growth, strengthening customer relationships and service delivery. As a core member of the senior management team, Bock plays a key role in the companys overall growth and is actively involved in building and strengthening all levels of the business.

Chris Meager, CEO of NetstarLogicalis, said, Justin has been an integral member of our senior management team and this well-deserved promotion is a testament to his outstanding contribution and stellar efforts in creating significant value for our partners and customers.

This promotion will strengthen our management team and help us deliver on the strategy we have built to expand our business nationally. Bock has spent over eight years with NetstarLogicalis. Most recently he held the position of General Manager, Southern Region, where he was the driving force behind the companys sales growth and responsible for growing the branches profitability in excess of 30% year on year for several years.

Prior to joining NetstarLogicalis, Bock spent a number of years with telecommunications company WorldCom International (now Verizon), where he grew the customer base significantly and became a member of the companys exclusive Presidential Club for global high achievers.

He also spent a number of years as a commercial leasing agent for
