For the 3rd year in a row, OBS has been awarded as one of Australia's top 10 places of employment

OBS has again been recognised as one of the BRW Best Places to Work for 2011. For the third year in a row, OBS has been awarded as one of Australia's top 10 places of employment.

We are very proud to have been awarded as one of Australia's top 10 places of employment. Our business is entirely about hiring and inspiring great people, so making this list for the third year in a row is a fantastic achievement for us said Brian Cook, Group CEO OBS.

The survey, undertaken by the Great Places to Work Institute, is a detailed study of workplace culture that finds and recognises organisations in which employees are provided with a great work environment.

OBS is an Australian owned IT services company specialising in transforming businesses using Microsoft technologies. We provide expert, award winning solutions to hundreds of organisations in Australia many of which are ASX500 and major public organisations. We have over 150 employees throughout Australia in 5 offices.
