

Polycoat Announce New Product for Waterproofing

Waterproof Coatings

A New Urethane Mortar Trowel / Slurry System Santa Fe Springs, CA December 15, 2011- American Polymers Corporation (dba Polycoat Products), announces PC-CRETE U (trowel and slurry) is a 3-part, heavy duty, 100% solids, aromatic, cementitious urethane mortar system typically applied at between 1/8 (3.17mm) and 3/8 (9.52mm) dry film thickness. It has a textured matte finish and can be used to form containment beams, integral cove bases for seamless wall to floor protection or to slope floors in horizontal applications. PC-CRETE U is custom formulated to provide a strong barrier against hydrostatic pressure and thermal shock while delivering a quick turnaround cure time. It is extremely receptive to decorative aggregate broadcast and acts as an aggressive barrier against chemicals, abrasive wear and heavy impact. PC-CRETE U has proven its protective strength in cold rooms, freezers and commercial kitchens and is especially well suited for tough, harsh environments that require application below 40F, stated Ashish Dhuldhoya, Senior Vice President, Polycoat Products, It is the product we recommend to all of our flooring contractors who are looking for a cost-effective urethane mortar system solution that will limit operational downtime. WaterproofingPC-CRETE U FEATURES: Trowel or slurry applied No blistering or chipping Quick return-to-service (4-6 hrs.) Can be applied below 40F Excellent thermal shock and impact resistance Superior protection against hydrostatic pressure Meets California VOC and SCAQMD requirements TYPICAL FLOOR USES: Cold Rooms/Freezers Commercial Kitchens Pharmaceutical Food and Beverage Manufacturing Metal Processing Warehouse/Storage Electronic Assembly Industrial CoatingsAbout Polycoat Products Polycoat Products is a division of American Polymers, headquartered in Santa Fe Springs, CA. The company manufactures high performance, monolithic, protective polyurethanes, polyurea, and polyaspartic coatings for the construction and waterproofing industries. Its waterproofing product application specialties include Vehicular Parking Decks, Pedestrian Decks, Below Grade Membranes and Caulking Compounds with a special selection of elastomeric deck coatings with Class A and Class B fire ratings. Polycoat Products coatings can be applied by spray, roller, trowel, slurry, and brush for easy application. Polycoat Products brand names include: PC-Crete, Polydeck, Poly-I-Gard, Polycoat-Aquaseal, Poly-Aquatight, Polyeuro, Poly-Caulk, and Polyfil.
