

Real - not just another insurance company

A different kind of approach towards insurance

A leader in the insurance industry, Real Insurance strives to stand out among the rest with the best insurance offerings available. With such options including Pay as You Drive within car insurance, an innovative choice for those who drive less kilometers but still desire confident coverage when they do, Real Insurance provides multiple opportunities for a variety of personal needs where the usual companies do not.

Reals other policies make their brand of service better than the rest. With their exemplary Home and Contents Insurance, Real expands the usual coverage by including other unforeseen circumstances such as earthquake, vandalism, lightening and damage from bursting water. With these numerous over and above additions, Real proves its commitment to the ever-changing needs of its customers.

With policies covering the most important circumstances in life, Reals life insurance including family, funeral, income protection and serious illness, gives the security of knowing your familys protection is in good hands. Providing options over other providers such as the Silver Life Cover, customers over the age of 50 can be assured that the needs of their loved ones will be met in their absence.

Real Insurance also recognizes their customers loyalty by providing them with 10% premium bonuses as a Thank You in their Real Loyalty Rewards program. Going above and beyond the usual standard business ideal gives Real Insurance a step above in customer recognition.

For those who need secure bicycle protection, Real Insurance provides for every occurrence where others dont. By covering the customer as well as their bike, Reals policy gives biking enthusiasts assured protection from accidents, theft and damage even when in use.

With Reals Landlord policies, customers investment properties are covered for everything from theft, to damage, to loss of rental income.

With coverage like this, property owners can rest easy with the confidence that their investments are fully protected.

The award winning Real Insurance, has been recognized by Money Magazine and the ABF for its PAYD drivers program, helping to save energy and cut gas costs. Reals award winning programs and superior customer service have made their company a standout among the rest.
