

SMITH'S SHARPENERS

Keep your edge sharp!

SMITHS NEW V-SLOT 10
SECOND

KNIFE AND SCISSORS SHARPENER

Simple and dependable, the SMITHS V-Slot 10 Second Knife and Scissors Sharpener is quick, safe, effective and easy to use. It only takes three to four strokes to put a sharp edge on any straight edge blade. The "V" shaped sharpening slot incorporates two crossed carbide blades, which are pre-set at the correct sharpening angle. The scissors sharpener uses a patented "floating" ceramic rod that adjusts to fit the precise bevel of the blades. The soft-grip handle provides a firm, comfortable hold when using this simple, but effective sharpener on household knives or scissors.

Manual Features:

- Provide proper sharpening angle every time
- Reversible and replaceable carbide blades
- Sharpens left- or right-handed scissors
- Soft-grip handle for comfort and control
- Non-slip rubber feet for safety

Caution: Always rest your sharpener on a sturdy, flat surface during scissors sharpening & use moderate pressure.

Care: Always clean your sharpener after use. Clean with a damp cloth or non-abrasive brush. Do not rinse with water.

Priced at \$24.95
