

SOFTWARE AG TAKES PERPETUALâ€™S BUSINESS SOLUTIONS TO THE NEXT LEVEL

Software AG today announced Perpetual Limited (Perpetual) had chosen Software AG's webMethods product suite to design, implement and optimise business processes. Perpetual has successfully integrated key customer and financial systems into a flexible and agile Service-Oriented Architecture (SOA) in record time using Software AG technology. Steve Keys, Sales Director Australia, SAG, commented: Businesses are looking for better ways to derive value from their IT systems. Perpetual's decision to choose Software AG is testament to the strong demand we see for Business Process Management and SOA in Australia, and the rest of the world.

About Software AG Software AG is the world's largest independent provider of Business Infrastructure Software. Our 4,000 global enterprise customers achieve business results faster by modernising, integrating and automating their IT systems and processes. As a result, they rapidly build measurable business value and meet changing business demands. Based on our solutions, organisations are able to liberate and govern their data, systems, applications, processes and services achieving new levels of business flexibility. Our leading product portfolio includes solutions for high performance data management, developing and modernising applications, enabling service-oriented architecture, and improving business processes. By combining our technology with industry expertise and best practices experience, our customers improve and differentiate their businesses faster. Software AG has almost 40 years of global IT experience and over 3,600 employees serving customers in 70 countries.
