

Star Business Solutions Expands to Adelaide

Greentree Business Management & Accounting Software now supported in South Australia

NEW Adelaide Office to Support Greentree Opens 31st May 2010

Star Business Solutions (Star) is Australia's largest Business Partner for Greentree

Business Management & Accounting Software. Star is pleased to advise that its new Adelaide Office opens on Monday 31st May 2010. Star have been servicing clients in the Adelaide market from Melbourne for a number of years however have decided it is time to provide an even more comprehensive level of service to Greentree clients in South Australia.

Star offer a full range of product, consulting and development services for the

Greentree business solution. We have the ability to provide Design & Analysis, Training,

Support and with our in-house programmers can customise Greentree to most users

needs.

Greentree delivers low-cost high performance business software helping medium sized organisations maximize productivity, adapt to prevailing conditions, add value and effectively manage growth.

Greentree is a fully integrated powerful business system - purpose built for its market space. Its broad industry deployability means it is successfully used by thousands of customers.

Unlike many products, Greentree has been developed in Australia and New Zealand for local conditions, not a modified product originally designed for overseas conditions.

Star's new premises will be located at:

Level 24, Westpac House

91 King William Street

Adelaide SA, 5000

P: 08 8233 5890

F: 03 8415 8333
