

## Sunbury Kids Timber Bed

Bambino Home

The transition in a child's life from sleeping in a crib or cot to having a bed that is all their own is always exciting, but there is also a good deal to consider when preparing to take this step. Every parent wants to be sure that the new addition to his or her child's room is attractive, durable, and affordable. Finding a combination of all three can be a challenge. A large piece of furniture like a bed should be made to last as long as your child has need of it and, at the same time, should be reasonably priced. This is a significant purchase and, when the bed is bought from a trusted supplier of beautiful furniture, it will be a purchase that remains a part of your home for years to come. Bambino Home is a proud supplier of unique, exciting and long lasting furniture for your child's room. For three years we have been providing a hassle free experience for parents throughout Brisbane and are proud to introduce a new collection to our customers. The Sunbury Kids Timber Bed is a gorgeous product featuring whitewashed, quality New Zealand pine that will stand up to years of bouncing, tumbling, and climbing. Its design is modern with clean lines that will breathe air into any room. For parents looking to buy a bed that will intermingle with butterflies or dinosaurs just as easily as it does with the trappings of teenage hood, this is an obvious choice. It isn't clunky or somber but it is dignified enough to continue pleasing your child as he or she matures. In order to provide the best possible shopping experience we have also hand selected a bed side table, a chest of drawers, and a trundle that perfectly compliment the Sunbury Kids Timber Bed. Childrens beds are often the defining element of the room and finding the perfect bedroom set to accompany them can be a challenge. At Bambino Home we want to make sure that you have everything you could possibly need before you leave the store. No one wants the worry of driving all over town, especially when you have young children in the back seat. When you shop with us, we do everything we can to ensure that outfitting your child's room is a pleasure. With the purchase of the Sunbury Kids Timber Bed, bedside table, chest of drawers, and trundle you know that your storage needs will be met and your child's room will look beautiful.
