

Verbatim introduces the lowest priced robotic Duplicator from Datatronics

The Pronto EZ CD Auto Duplicator- The best and most affordable solution for fast, efficient, and trouble-free duplication

Duplication has never been this easy! Simply insert the master disc, place the blank discs, make your selection, and press start- thats it! You dont even need a PC connection. And the compact and stylish design fits perfectly into any home or office environment.

Fully automated Standalone

The Pronto EZ is a fully automated stand-alone duplicator. It features a robotics mechanism that can automatically move discs from an input hopper to the recorder, and then to the output hopper after recording is finished. The standard unit includes a CD-Rom Drive and 52x CD-Writer and can hold up to 100 discs. If any disc does not pass, the robotic arm will pick it up and drop it to the Reject Area. Low cost, high performance, the Pronto Series is the best choice to fulfill your duplication requirements.
