

22 sleeps to go until Christmas Day! According to JURA Australia, now is the time to start meal prepping, sharing a cocktail amongst friends, and even getting creative with homemade gifts - all featuring coffee from their award-winning S8. JURA Australia's top 3 ways to use coffee this year include: 1. Homemade gifts: Make mum a coffee scrub by simply mixing, 1 JURA espresso, 2 tbsp ground coffee, 1 tbsp brown sugar, 1 tbsp coconut oil and 1 tbsp desiccated coconut. Or, be adventurous and create coffee-infused homemade candles, other than the coffee grounds you'll need, wax, a wick, a container and a skewer. 2. New Christmas cocktail: The team at @gastrology.co have created their new JURA espresso mudslide cocktail just in time for the festive season. All you need is 2 shots of JURA espresso, 2 shots Irish cream, 3 shots of vodka and ice. Firstly, mix the ice, cooled espresso, Irish cream and vodka and shake for 10 seconds and pour into glasses, then top with coffee ice cream. Enjoy! 3. Cooking with coffee: @lisaeatworld's latest coffee-infused recipe is the Coffee Balsamic Vinaigrette. The ingredients include 2 tbsp brewed JURA coffee (cooled), 1 tbsp balsamic vinegar, 1 tbsp Dijon mustard, 1 tsp honey, 1/2 shallot, minced and 1/4 cup extra virgin olive oil. Simply whisk together all the ingredients in a small bowl and season with salt and add more oil and honey to balance according to taste. About the JURA S8 – RRP \$2,790: A 4.3" high-resolution colour touchscreen display. 15 different specialties at the touch of a button including flat white. Graphics and animations show every step of preparation. Professional fine foam frother for the ultimate smooth milk texture. Control via smartphone or apple watch with the JURA Operating Experience (J.O.E ®) Coffee App. Built with premium materials including a bean container cover made of hand-polished die-cast zinc. JURA's range of fully automated coffee machines are available now online at www.au.jura.com as well as selected independent and specialty outlets. About JURA: JURA's products stand for innovation, ease of use and sustainability. JURA believe in the perfect cup of coffee, using fresh beans, freshly ground and extracted at the touch of a button. The product range includes both machines for domestic use and professional models for the office and food service industry. In recent years the long-established Swiss brand has grown to become a global player, operating in around 50 countries.
