

5th annual Nonprofit Finance Forum to be held at the Stamford Plaza Hotel, 150 North Terrace Adelaide on Thursday 11th November 2010

Greentree Business Management and Accounting Software and Star Business Solutions are proud to be a co-sponsor of the event

After the success on the East Coast in June, Givewell is now bringing its 5th annual Nonprofit Finance Forum to Adelaide!

The event has an enviable record in providing tips, strategies and an honest and accurate assessment of financial issues facing the nonprofit sector. The theme is financial recovery - how the nonprofit sector can position itself to consolidate the sustainability of its finances, develop more effective models for service provision and continue to cope with the reverberations of the Global Financial Crisis.

Key topics this year include:

financial strategies to align with both economic and social trends research on the sector's mood and the state of its budgets post-election outlook for sector funding and regulation a forward-looking report from corporates and philanthropic trusts on funding levels and preferences a new session on the challenge of placing a financial value on social assets and liabilities more time for networking, less time spent on investments and very little overlap in session topics This is a proven event attracting 800 delegates Australia-wide who have consistently reported around 90% satisfaction rate. The forum responds to feedback, rotates its topics and each year it evolves with the spirit of the sector. This year's Adelaide event is being held on Thursday 11th November at the Stamford Plaza Hotel, 150 North Terrace Adelaide.

Greentree Business Management and Accounting Software has proven to be an ideal solution for nonprofit Organisations with Star Business Solutions assisting many within the industry.
