

ABC Cremations Opens in Melbourne

ABC Cremations has opened in Melbourne. Founder and 5th generation funeral director Robert Nelson, says experience, "knowledge and caring are essential attributes in this business" and with more than 3 decades of personal experience Robert should know. Robert says "ABC Cremation was formed just to assist the increasing number of families wanting, simple, no fuss, affordable, low cost or cheap direct cremation services across Melbourne and the Mornington Peninsula.

WHAT ARE DIRECT OR UNATTENDED CREMATIONS

Unattended or Direct cremation is the simplest and most affordable form of disposition. We collect you're loved from the place of death and bring them into our care, no viewing or family services are held. Some families choose to have a memorial service or gathering at a later time. Once all documentation is completed your loved one is conveyed to the crematorium for Direct cremation.

After the cremation, you can choose to have the cremated remains returned to you or scattered by the crematorium.

All arrangements are made via telephone and internet.

ABC Cremations only provides for Direct Cremations throughout Melbourne and the Mornington Peninsula.

We keep it simple in order that you can have a simple affordable direct cremation.

To keep things simple there is one low fee of \$1,499 inc GST
