## ACS Delivers Brand New 'LearnHowTo' Micro-Learning Platform

Online Course Subscription

Media Release - for Immediate Release

6 August 2019

ACS Distance Education has just launched a brand-new learning platform aimed at businesses, professionals, students and anyone interested in personal development.

Called Learn How To, this online subscription-only training site provides hundreds of short courses in a range of disciplines.

For just AU\$32.95 per month, subscribers have access to ALL courses. They can also view numerous educational videos to support the learning process. Upon completion of the course, you will receive an electronic badge to promote your skills.

Courses are designed to enhance skills, fill gaps in knowledge, or get an introduction to an area of interest.

Each course takes between 1 to 4 hours to complete, and high scores on the self-assessment test at the end are awarded with a digital achievement badge. There are a huge range of topics covered.

But there are no time limits. Subscribers get to study in their own time, at their own pace.

What's more, course content may be saved as a pdf or printed, so it won't ever be lost.

It takes about 2 minutes to enrol, and subscriptions can be cancelled at any time.

Visit the site here:
