Air Powered Services Have Moved!

Air Powered Services, specialists in everything compressor air, are pleased to announce that they have moved to new 5000 square metre, purpose built premises in Tullamarine, Melbourne.

The new facilities are a reflection of the sustained growth of Air Powered Services and will house an ever-growing fleet of hire and sale equipment. The premises will also feature a state-of-the-art service area.

"This move is a significant milestone in the history of our company; it will enable improved customer support and service delivery, and strengthen our position in the market as a leading compressed air specialist. The larger facility has allowed us to increase our mid to top end hire fleet of compressors to include more large diesel and electric oil free compressors and also enables us to easily handle complete compressor re builds for all our large service clients both in the construction and industrial markets" – Murray Closter, Air Powered Services Managing Director.

Air Powered Services welcome new & old friends to visit the new building at any time.
