

The ArchiPro logo consists of the word "ArchiPro." in a white, sans-serif font, centered within a solid black rectangular background.

# ArchiPro The Meet, Greet & Eat 2021

The country's leading architecture event is back!

Embarking on a building journey? Join us at The Meet, Greet & Eat, held at Auckland's Shed 10, May 14, for an evening of discovery and connections.

For one night only in Auckland, we are hosting an exclusive architectural evening and we've invited our network of New Zealand's best architects, designers, builders and brands. With New Zealand's design community at your fingertips, you'll have the rare opportunity to discuss your building plans with leading professionals, and with a select number of top brands that architects love to use. These brands are represented by senior experts in their businesses, who will showcase their products and share their technical knowledge. Over 1,200 homeowners and professionals attend the evening each year, making The Meet, Greet & Eat an unmissable opportunity to gain access to the brands, retailers, builders, interior designers and architects shaping New Zealand's most iconic buildings. You'll have the chance to ask the experts for advice and to find someone who understands your vision. Spaces are limited so click below to register your interest now, and secure your spot. We look forward to seeing you there. The Meet, Greet & Eat is brought to you by Archipro.co.nz, Forté - Timber Flooring, Asahi Beer NZ. <https://archipro.co.nz/meet-greet-eat-2021>
