

Artistic Timber Floors Announced a New Collection of Timber Flooring

Perth, Western Australia - WA, 22/03/2014 — Artistic Timber Flooring Perth recognized for providing quality hard wood floors have announced an innovative new collection of wooden flooring. The new range has a large variety of popular Perth timber select

Flooring has a major impact on the way you take advantage of your home environment. "Timber floorboards unlike carpet are really hardy and might withstand some punishment from kids who choose to go beyond what is reasonable play" Mark Taylor said. Perth wa is lucky with a large variety of local timber unlike many places and the wooden timber options are quite amazing.

Artistic Timber Floors are please to announce their awesome range of local timber flooring which ranges in price for the majority of budgets.

Timber flooring can be employed not only on common areas but tend to also be used on Stairs and enclosed patios. Their full range is available on the timber choice page menu on the web site.

They provide a mobile service to measure and estimate any existing or proposed dwelling and operate within the Perth metro area.
