

At Computer Repairs Brisbane Customer's Come First

Computer Repairs Brisbane is a leading computer repair service in Brisbane and offers all round computer repairs.

Onsite and remote services are available.

Computer Repairs Brisbane is an all-round computer repairs, maintenance and service firm located in Brisbane. The firm has been in the PC repairs industry for nearly 19 years and provides the whole range of services under one roof. The spectrum of services the firm provides makes it stand out from the competition.

While most customers are aware that a PC repairs Brisbane company will offer probably a mobile service or an onsite site service or service at their service center this firm goes one step ahead and also offers remote PC repairs and laptop repairs Brisbane. If you are someone who has a really urgent to be fixed issue and your PC is bootable and the internet connection is working then the owner Rob Marks is available to repair/ upgrade and fix your PC or laptop remotely.

Computer Repairs Brisbane is a subsidiary of Zoo Computer Repairs and the parent company is among the most popular and well regarded firms in the computer repair and service industry. Zoo Computer Repairs is the recipient of the WOMO service award for 2014, 2015 and 2016. The parent company today has four hundred sixty seven customer reviews all of which are 5 star reviews.

Computer Repairs Brisbane is out to set new standards in customer care services and aims to serve the customers with on time and affordable PC repairs Brisbane services.

Robert, owner of the firm says, "Other companies can charge over \$160 per hour to look at your computer - because they are big greedy corporations. We don't even charge a call out fee!"

In a review published online Margaret from Redlands says, "Thank you Robert for the remote cleanup of my computer, which is running so much faster now. So convenient and stress free. Very satisfied and thoroughly recommend."

Another customer Andy says, "Robert was very helpful and put me onto Hamid who expertly upgraded my laptop as requested and not only that, did it overnight so I could collect it the next day! Thanks guys!"

Computer Repairs Brisbane is truly one of the companies that has 'Customer First' motto. About Computer Repairs Brisbane Computer Repairs Brisbane as the name suggests is a computer repair in Brisbane service. The firm offers a huge number of services like virus removal for PC & laptops, spyware removal, data recovery, hardware installations, operating system installation & repair and much more.
