

Australia's Leading Traffic Lawyers, MK LAW wins 2020 Three Best Rated Award

Melbourne 06/05/2020 - Mr. Michael Kuzilny, the director of MK Law firm, has been selected to the 2020 list of the Top 3 Traffic Lawyers in Melbourne by ThreeBestRated®.

This remarkable achievement comes after a rigorous 50-point inspection conducted by ThreeBestRated® on Michael and his law firm. The 50-point inspection includes everything from checking reviews, ratings, reputation, history, complaints, satisfaction, trust, and cost to the general excellence.

Since the inception of MK Law, they have progressed to be one of the leading legal firms for representing people in court for traffic and criminal charges. Three Best rated® had the honor of talking to Michael Kuzilny, the man himself, to hear about his remarkable journey of becoming one of the best traffic lawyers in Melbourne.

"My passion in life has always been to help good people through the tough times.", says Michael. Michael helps people with court representations to defend them during their tough times, making the process stressless for his clients, and ending it with positive outcomes.

He says, "I must say that I do get a great feeling of satisfaction to take away the suffering in my clients and their families lives daily."

Michael is the lawyer most celebrities turn up to when they need a court representation. He has represented a list of celebrities and hugely successful people in the community who have chosen to come and see him to be their lawyer. "I am always grateful and honored when the high achievers in any industry come to me for my advice.", said Michael proudly.

Notably, Michael was the Legal Affairs Correspondent for Australia's number one morning show, Sunrise (Channel 7). And now he has a dedicated TV show for himself on Foxtel called The Michael Kuzilny Show Tough Times.

Traffic lawyers deal with any person who has been charged by the police for any traffic offense. They may range from a simple drink driving offense or a drive disqualified matter to more serious county court cases. Being a life coach, Michael believes he could help a lot of clients who are stressed, confused, and depressed about their upcoming court case.

As well as Michael encourages people to consult a traffic lawyer immediately if the police intercept them for a traffic matter that will be going to court. He says, "I strongly believe that a good legal practitioner can make a world of difference and do a lot of damage control, even before they summons the accused."

Apart from traffic offenses, MK Law firm handles other areas of the law, and work in conjunction with many other legal partners. On winning the Three Best Rated Award for Best Traffic Lawyers, Michael says, "It is a great honor to be recognized for outstanding achievement. I really do believe that our rewards in life will match our service."

He concludes by saying, "I commit that all of us here at MK LAW, will continue to strive for excellence in our court representation, our client service and commitment to community service in years to come."
