

BEYOND BANK ANNOUNCES MAJOR SUPPORT FOR BUSHFIRE VICTIMS

Beyond Bank Australia will donate a massive \$30,000 for residents of South Australia

Beyond Bank Australia will donate a massive \$30,000 for residents of South Australia devastated by the fires. The money will be dispersed through the Vinnie's Bushfire Appeal for distribution to those in urgent need of support.

Beyond Bank Chief Executive Officer, Mr Robert Keogh, said the appeal will provide financial support to the residents of South Australia in this time of need.

"The immediate danger for locals is not over, the painful process of letting residents visit their homes to see what's been lost has begun. Beyond Bank Australia will help provide support to affected residents during the rebuilding process" said Mr Keogh.

"Our thoughts are with the victims, their friends, families and everyone who is affected by this disaster. We encourage anyone who would like to add their support to visit a Beyond Bank Australia branch or our website for more information.

"We also want to make sure that Beyond Bank Australia customers know we are here to help if they have been affected by the fires, and we're encouraging them to come and talk to us if they are concerned about their financial situation due to losses suffered in the blaze.

"Please get in touch with Beyond Bank Australia if you wish to support – every little bit helps."

"It's at times like this we always see so many amazing people pulling together to help others. There have already been countless demonstrations over the last few days where we have seen exactly that and I am sure we will see many more as the community comes together to support each other.
