

Body Builder takes on new Challenge with Cafe2U

Cafe2U Mobile Coffee Franchise launches its sixth Gold Coast Franchise

Cafe2U, the world's largest mobile coffee franchise, has launched its sixth franchise on Queensland's Gold Coast today, continuing its run of success in the region.

New franchisee for Surfers Paradise, Paul Edwards, emigrated to Australia three years ago from the UK. Looking for a better way of life, his plan was always to have a business of his own. After many months of homework, his research kept bringing him back to the Cafe2U franchise system. "I worked in the construction and security industries, which meant long hours, day and night. With a young family at home I realised that it was time to do something for myself. Cafe2U is perfect for me because I love interacting with customers and enjoy starting work early and finishing early. I am really looking forward to the challenge of growing my new business!"

Paul is also committed to his sport of body building, so he is definitely no stranger to facing new challenges. Paul recently competed in the Queensland Body Building Titles where he came fourth.

With his high level of dedication, Paul is sure to be a big hit with customers in his Surfers Paradise territory. If you work in Surfers Paradise and would like great espresso coffee delivered to you each day, why not contact Paul on 0425 158 112, or visit his webpage at <http://cafe2u.com/au/partners/surfers-paradise>
