

# Bookabin Australia Help With Questions About Their Skip Bins

BookaBin Australia is an easy-to-use website and booking engine that provides customers with the fastest and easiest platform to compare skip bin prices from reliable suppliers, enabling customers to get the lowest available price for disposal services.

Whether you're moving houses, in need of a garden clean up, or starting a renovation project, BookaBin caters to all types of disposal services from domestic to commercial waste including cleanfill or hardfill, home renovation waste disposal or construction waste removal, and they are often asked what size bin they will need.

No matter how big or small your waste removal requirements are, Bookabin have skips to suit your needs, with skip bins form as small as 2 cubic metres up to as large as 30 cubic metres, and have a variety of skip bin sizes available, depending on the type of rubbish removal or type of waste disposal. Their smallest skip bins are 2 cubic metres which is equivalent to 2 standard trailers, or 8 wheelie bins, and budget bins suitable for general waste, cleanfill and hardfill, green garden waste and soil and dirt. The website has a general guide for some of their skip bin sizes to give you an idea of the capacity of each, click on images for more information (images are indicative only, actual shape of skip bins may vary):

Most of the time when we order skips, the tendency is to fill it as quickly as possible with no thought about order or if any of the items can be recycled. However by taking these kind of things into account, you can actually not only save yourself space in the skip, but also cash too.

Put heavy waste at the bottom and lighter waste (i.e – cardboard) on top, and before you throw everything into the skip, think about whether it is recyclable. Some organisations will even take away items for free. A lot of contemporary furniture is designed to be flat-packed, so its easy to disassemble, and try not to leave gaps; pack your bin nice and tight.

Location is also not a problem with BookaBin as they provide a range of suppliers, offering bin hire services in all major areas including Sydney, Adelaide, Brisbane, Melbourne, Canberra, Hobart and Perth, so for more information on Aussie skip bins, skip bins South Australia and skip bin hire Brisbane please go to <https://www.bookabin.com.au/> .
