###

## About Brain Resource

Brain Resource (OTC: BRRZY, ASX: BRC) translates new findings about the brain into engaging products for consumers, employers and clinicians to improve cognition and brain function. With offices in Sydney and San Francisco, and agents in Europe and Israel, the company is underpinned by an international consortium of scientists and clinicians that bring together all aspects about the brain that are usually assessed independently. For more information, please visit [www.brainresource.com](http://www.brainresource.com)
