

Bring your Dream Gown back to Life

Xpress Bridal 2 U

Have you just had the wedding of your dreams in the gown you always wished for? It is common during the celebration to mark and stain the special dress.

Restore your special gown after the big day with careful hand cleaning and hand repairs.

Xpress Bridal 2U are specialists in the restoration and preservation of bridal gowns. They understand the fusion of high quality fabrics, beads, crystals, and delicate laces that form the Bride's dream gown.

Unlike dry cleaning, the careful hand preservation process cleans and repairs the special heirloom to maintain its delicate authenticity, colour and shape.

The lace is mended, and beads and crystals are reattached and replaced that may have fallen off on the big day. Pride is taken to maintain its delicate authenticity and shape.

The advanced restoration techniques used means the special heirloom will be preserved for a lifetime without yellowing of the textiles occurring.

The service also includes Bridesmaids dresses and husbands suits.

A complementary pickup and delivery service is provided (limited to Sydney Metropol), even from your hotel room. Each article of clothing will come back to you in a complimentary custom-made bridal preservation box designed for your garment.

Xpress Bridal 2U is an extremely professional business and every job is performed with pride and expert workmanship.

So give your treasured heirloom the care it deserves by choosing careful hand restoration and preservation services by Xpress Bridal 2U.

Xpress Bridal 2U is located at 12 Bertram St Mortlake, NSW 2134 or visit their website www.xpressservices2u.com.au for more details.
