

Buy Gary Howard Ocean Dueller Fishing Rods - Free Shipping

Dinga, a premium online fishing tackle store in Australia, brings you your favourite Gary Howard Ocean Dueller fishing rods. Affordable prices. Free shipping. Great features & functions!

Sportfishers who appreciate the highest quality tackle will be impressed by the new range of custom-build-quality hand-made rods from the Gary Howard stable. The new Ocean Dueller rod range offers you a choice of versatile weapons for offshore fishing, knowing that each model excels at trolling lures, jigging, or working baits for pelagic and reef fish.

Master rod builder Gary Howard has hand-selected each of the multi-modulus graphite blanks to create actions made to hurt the fish, not the angler, and can be fished all day long. The eight-rod range comprises four overhead and four spin rods, all 6'0" long and with 20-30lb, 30-40lb, 40-60lb and 60-80lb models available in both configurations.

Ocean Duellers are built tough, with serious hardware that will match perfectly with the latest sportfishing reels. Each spin rod features a Fuji heavy-duty reel seat and Alconite K guides. The overhead rods have a Fuji heavy-duty seat with Fuji Alconite guides.

Gary Howard Ocean Duellers are tough offshore rods built to tame big fish—and another exciting example of the premium performance, build-quality and durability that comes with the expert touch of a hand-made rod from Gary Howard's Brisbane workshop. And all you have to do to access these exceptional custom-build-quality rods is go to your local stockist and select one from the rod rack.
