

CAT S40 16GB 4G LTE – The Latest Tough Smartphone Featuring 4.7-inch display, Quad-core CPU, 8MP Camera and Much More!

Now available unlocked and online

CAT S40 is the latest rugged Android smartphone designed to withstand hard environments. Featuring a very sturdy aluminum design, the handset comes with an IP68 standard to provide complete protection against water, dust and other damages during regular use.

The tough phone packs a 4.7-inch IPS LCD capacitive touch display supporting 16M colours, 960 x 540p resolution and a 234ppi pixel density, with Corning Gorilla Glass 4 coating that helps keep the display free from scratches and scrapes.

Internally, the smartphone is backed by a powerful 1.1GHz Quad-core Qualcomm Snapdragon 210 processor in conjunction with 1GB RAM that ensures smooth processing of apps, games and other heavy programs. The Google's Android OS v5.1 (Lollipop) comes preinstalled on its 16GB internal ROM, with memory expansion up to 64GB via microSD card slot.

In terms of camera optics, the new device showcases an impressive 8MP rear image sensor with features including LED flash, auto focus, 1080p video recording at 60fps and a 2MP front-facing snapper for video calling.

Other striking features of CAT S40 include – Wi-Fi connectivity, Bluetooth, Adreno 304 GPU, NFC, microUSB v2.0, GLONASS, A-GPS, Accelerometer, Proximity Sensor, Compass, Ambient Light Sensor, 3.5mm Audio jack, military standard MIL-STD 810G, HTML5 browser and a Non-Removable Lithium Ion 3000mAh battery.

The CAT S40 is now available in stock and can be purchased online from Yatango Shopping with full local warranty and support.
