

Centennial Park Cemetery based in Pasadena South Australia engages Star Business Solutions

Greentree Business Management & Accounting Software support and consulting requirements to be provided by Star Business Solutions.

Star Business Solutions (Star) is proud to announce that Centennial Park Cemetery based in Pasadena South Australia has engaged Star to service their Greentree Business Management & Accounting Software support and consulting requirements.

Centennial Park [<http://www.centennialpark.org.au>] is South Australia's largest cemetery and provider of cremation, burial, memorial and funeral services.

Located on 40 hectares, its grounds boast an award-winning chapels complex, a state-of-the-art crematorium and more than 50 themed gardens that reflect the ultimate in dignity and respect.

Centennial Park's aim is to provide a scenic and peaceful environment where life can be recognised, celebrated and remembered.

Centennial Park is also helping South Australians to reduce the environmental impact of their final resting places. In 2009, it won a United Nations Association of Australia World Environment Day Award.

In recent years it has reduced operational waste to landfill by 97.3%, energy consumption by 9%, vehicle emissions by 10% and reliance on mains water.

Crematorium improvements have reduced gas consumption by 5% and electricity consumption by 10%.

It is the first cemetery in Australia – possibly the world – to manage its entire greenhouse gas emissions with a carbon offset scheme.

This includes cremations, burials and funeral services as well as operational emissions from buildings, garden maintenance, vehicles and equipment.

Star [<http://www.StarBusinessSolutions.com.au>] is a market leading organisation in business management software solutions with offices in Melbourne, Sydney, Canberra and Adelaide.

Star believes that their business solution software partner, Greentree, is the best locally developed integrated business management & accounting software package in the market with Financials, Distribution, Job Costing, Manufacturing, Supply Chain Management, CRM, HR/Payroll, eCommerce, Report Writer, Workflow and Business Process Management.

Star's goal is to provide services and solutions that constitute clear, measurable value which will validate each client's choice to partner with them.
