

COVID-19 Update: Metro Car Removal Sydney Is Open for Business

Metro Car Removal is a Cash for Vehicles company in Sydney that buys cars of all makes and conditions.

Looking to sell your car during this Corona virus pandemic? It can be quite a challenge to find a buyer in these times of social distancing. Metro Car Removal is a Cash for Vehicles company in Sydney that buys cars of all makes and conditions. We are open and available during these trying times. Our business model enables us to buy cars for cash with little physical contact necessary, making it safe and secure for car sellers to sell their vehicles to us. To know more about our business and how we operate, read on.

Sell Your Car for Cash While Practising Social Distancing

At Metro Car Removal, we make it possible for you to sell your car while practising social distancing. Your safety is our priority and so we've taken all the necessary precautions following the COVID-19 guidelines. Moreover, our business model is designed in such a way that physical contact is minimal at best.

Here's how our Car Removal process works:

- Just give us a call to have your car valuated and get a free quote for it. Yes, we valuate cars over the phone. There is no need for you to bring the car over to us for an inspection. Simply give us a call and provide a detailed description of the vehicle to be sold.
- Based on the condition of the vehicle, we will provide you with an accurate and honest quote for it. It only takes us minutes to valuate and provide a quote. Once that's done, you can then choose a time and date for the Car Removal.
- Our team will come to your location to pick up the vehicle and tow it over to our yard. The payment will be made via EFTS at the time of collection.

As you can see from the above step-by-step process, there is very minimal contact involved when you sell your car to us. Most of the process is handled over the phone, so you have nothing to worry about. You can sit in the comfort of your home and have your car sold for top cash today!
