About CXC Financial Partners

CXC Financial Partners is an industry leading wealth creation and tax advisory business. The team consists of fully qualified financial advisors and accountants. All employees have a minimum of 10 years' experience within the financial services industry.

CXC Financial Partners has its own Australian Financial Services Licence (AFSL number 378656) and is not owned by a large financial institution that might affect the products we recommend for our clients. This also allows us the flexibility to provide a wide range of services.

We launched CXC Financial Partners as we noticed a strong demand for independent financial advisors who have their clients best interests at heart. Our advisors aim to build a strong relationship with clients and in doing so are well placed to provide exceptional service and advice on an ongoing basis.

CXC Financial Partners is part of the CXC Global™ group.
