

DR KARL UNITES RIVAL FOOTY TEAMS

NEIGHBOURS STAR GOES INTO ENEMY TERRITORY FOR GOOD CAUSE

Neighbours star Alan Fletcher and avid Carlton supporter, knows only too well the rivalry between footy team supporters in Australia hence his nervousness to visit the UK's Everton FC club next week. You see, Fletcher is a longtime Liverpool fan and these two teams bring a new meaning to cheer squads and waving the flag.

Fletcher jumped on the Liverpool bandwagon way back in the eighties when Aussie Craig Johnston joined the team. However, as UK ambassador for Blue September for men's health awareness, Everton is playing host for a campaign event because of their team colour, blue.

"It's pretty well known over there that I support Liverpool, however in the name of mens health awareness, I'm sure club rivalry can be put aside to highlight such an important message. I hope," joked Fletcher.
