

Ethics Masterclasses in Agriculture

[More dates released](#)

Following the success of its earlier Ethics Masterclasses and recognising the importance of ethics in the industry professional grading, Ag Institute Australia is hosting two more online Ethics Masterclasses to cater for both Introductory and Advanced levels.

Introductory Masterclass

Participants will explore the AIA's Code of Ethics and how it applies to their everyday work. Basic case studies will be discussed in groups. This is suitable for recent graduates, early career professionals, and those people working in agriculture that have not explored the topic of ethics previously.

Advanced Masterclass

Participants will explore the AIA's Code of Ethics in detail and work through complex case studies where ethical dilemmas are introduced, as well as examining breaches of the Code of Ethics. This will build upon the introductory masterclass. The Advanced class is suitable for professionals who are experienced, seeking to gain recognition and apply for Chartered Agriculturalist status.

Join us at 4pm-6pm AEST

Introductory: Tuesday 11th August 2020

Advanced: Wednesday 19th August 2020

Participants receive a certificate and 10 CPD points toward their CPAg and CAg accreditation.
