

Executive Leader in Logistics Operations, Carly Cummings, joins FourPL

Melbourne, Australia. Supply Chain and Procurement Specialists FourPL have appointed Carly Cummings to the FourPL Advisory Team. Carly is an executive leader and brings extensive logistics and systems knowledge to her role in Supply Chain Operations.

Carly has 20+ years' experience in managing large scale change across multiple industries in end-to-end customer supply chains. Her skills range across supply chain design and optimisation, fit for purpose supply chain technology and innovation, and network strategy.

Carly's engagements have included leading the planning and scoping of regional logistics networks and operational technology strategies for global organizations throughout Australia, Asia Pacific and India. Most recently she was with Coca-Cola Amatil in the role of National Network Optimisation Manager. Prior to this, she was the CIO Asia for Linfox International Group.

"FourPL is pleased to have attracted someone of Carly's experience and calibre. She brings a wealth of knowledge and experience to our customers as we continue our growth plans across the ANZ Region.," said FourPL Australia CEO, Brett Findlay.

About FourPL

FourPL is a leading Australian owned supply chain and procurement solutions provider with offices in Melbourne, Sydney and Brisbane. We define and enable ICT strategies in our domain specialities. Our domain specialities are procurement, supply chain execution systems, enterprise resource planning systems, and the logistics service provider industry. Our services range from strategy and advisory through to sourcing and evaluation, implementation, support and quality assurance. We work with global partners and leading-edge technology solution providers and take pride in our independence when choosing to work with solution providers. We actively support diversity in our business, the technology industry and our community. For more information, visit www.fourpl.com.au .
