

# Finmax is now accredited with Alphera

Finmax is proud to announce that they have been accredited by one of Australia's premier providers of finance and insurance products, Alphera Financial Services.

Alphera Financial Services is a division of BMW Finance Australia Ltd, which was established in 2001 and today provides business and personal finance to clients in excess of \$1.8 billion.

"This is an important milestone in the continuing growth and success of our national finance broking business," said Finmax's Managing Director Lawrence Hohnjec.

"Alphera accreditation shows our commitment to providing the highest levels of personalised service to our clients, and the same high level of professionalism in our business practices."

For many years Finmax has provided an extensive range of financial solutions including operational leases, financial leases, commercial hire purchase and novated leases, all backed by a team of professionals dedicated to providing exceptional customer service.

With the Alphera accreditation, Finmax is now able to 'go one better' – especially when it comes to providing businesses with fully operational motor vehicle leasing.

Benefits include a competitive fixed monthly cost for the term of the lease (up to 60 months) which includes all service and maintenance, registration, insurance, e-TAG administration, accident management, tyres, roadside assistance and vehicle disposal across all makes of new and pre-owned prestige vehicles.

"We are honoured to earn the recognition from Alphera Financial Services, which further validates our commitment to not only meeting the needs of our clients, but surpassing them," added Hohnjec.
