

FourPL JV with Open Sky Group brings Global JDA Warehouse & Labour Management Capability to Australia

Venture Expands Resources and Options Globally for Customers

FourPL, a leading Australian IT consulting company specializing in supply chain and procurement, has signed a strategic partnership agreement with Open Sky Group, resellers and implementers of JDA Warehouse Management and Labour Management in the U.S.

FourPL penned the first client deal for the partnership in early 2017 with a large Australian retailer. The partners implemented JDA Warehouse Management and JDA Warehouse Labour Management, enabling the customer to manage and optimise warehouse activities across the organization, increase asset utilisation, reduce costs and improve service levels.

The partnership has resulted in the creation of a joint venture, Open Sky Group PTY LTD.

Anthony Hawkins, CEO of Open Sky Group PTY LTD says, "The joint venture enables a world class team that combines local experience with global JDA capabilities to deliver successful Warehouse and Labour Management software implementations to the Australasian market."

"We recognized the power of this partnership in action with the first project," says Brett Findlay, CEO for FourPL. "As a leader in the Supply Chain and Logistics systems consulting field, FourPL can now bring even more capability and options to our customers."

"FourPL's strategic consultative approach in Australia combined with Open Sky Group's experience and agile, rapid implementation methodology used in the U.S. and now in the Australasian market, is a powerful offering for clients in those regions who want highly successful supply chains," says Curt Sardeson, President of Open Sky Group.

ABOUT FOURPL PTY LTD FourPL is Australian-owned with offices in Brisbane, Melbourne and Sydney. The FourPL teams have extensive business, supply chain and system experience and work with customers to review, source and implement workable and stable solutions for ERP, supply chain and procurement software challenges. FourPL are independent in providing innovative software products, packaged and cloud solutions and advisory services and work with a number of leading technology solution providers to provide customers with the best possible solution outcome.

ABOUT The OPEN SKY GROUP, LLC (OPEN SKY GROUP) The Open Sky Group, LLC (Open Sky Group) specializes in services for WMS, Labor and TMS software implementations and is a gold level reseller of JDA Software products. Open Sky Group strives every day to be the best consulting partner on the planet for implementing supply chain solutions. The rapid and successful entry into the Australasian market in 2017 expands Open Sky Group's global reach and scale.
