

GIS People Releases Capability Statement 2014

GIS People, a Queensland-Based Geospatial Solutions Company, Has Released a Brand New Capability Statement for 2014.

GIS People's Capability Statement outlines the services that GIS People provides to clients, gives snapshots of their previous successful projects, and details how they engage with clients to deliver the best possible project outcomes.

[Click here to read their Capability Statement 2014](#)

GIS People develops GIS solutions for local and state government, and a multitude of sectors including energy, mining, utilities, transport, banking and insurance. With geospatial consulting, software development, training and remote sensing branches of the business, GIS People is well-equipped to provide services to companies in these sectors and more, and helps clients take full advantage of the vast amount of geospatial data available.
