

Glass 360 names Paul Nipperess as General Manager

Brisbane custom glass fabricator Glass 360 has recently appointed Paul Nipperess to the role of General Manager.

Nipperess brings almost 20 years experience in the Australian and overseas glass industries, with emphasis on growing and improving glass fabrication businesses.

“Having started in the industry at trade level, Paul has moved through all facets of the industry including operations, sales, technical and procurement with both hands on experience and gaining the associated technical and tertiary qualifications”, says Philip Norman, Managing Director. “We believe with his recent experience in successfully managing sizeable glass industry businesses and product development, Paul is an excellent appointment for Glass 360 and our customers.”

Previously Nipperess has served as Australian Sales and Marketing Manager for Architectural Glass & Cladding and General Manager for Solar Seal Company in the United States. He holds a Bachelor of Business Management from Griffith University.

About Glass 360

Established in 2017, Glass 360 has quickly become known for our exceptional service, product knowledge, great quality and fast lead times. Our fundamentals of service and our customer first mentality is our highest priority and the main ethos that Glass 360 has been built upon. We at Glass 360 not only pride ourselves on having high service and product quality standards, we also practice leading industry safety standards to keep all staff and visitors safe while setting an example in the industry.

Using modern machinery we can deliver exceptional processed laminate and float glass products including silver and high performance energy efficient glass. With our dedicated and highly trained staff combined with our exceptional technical advice and large procurement and architectural offerings, it gives Glass 360 a place in an already competitive market. www.glass360.com.au
