

## Gold Coast Artist to the Stars Tracie Eaton announced likely recipients for her exclusive Oscars 2020 artwork

Gold Coast Artist, Tracie Eaton's brush with Hollywood celebrities continues as the Oscars 2020 announce the nominees for each category this week.

Ms Eaton spoke with Cindication as she prepared to board a plane headed to Los Angeles for an interview on Dawns Corner, a well-known TV channel which showcases exclusive products.

Ms Eaton said she was thrilled to be exposing her artwork in such a unique way.

"It excites me that talent such as Leonardo DiCaprio, Brad Pitt, Charlize Theron are in the running to receive my artwork and as an artist, it's fantastic to see that internationally people are interested in a celebration of artists doing what they love," Ms Eaton said.

"The Oscars is such a prestigious recognition of talent in the acting sphere, and I am overjoyed to be involved in helping to celebrate the success of the talent that has been nominated by gifting my artwork."

"My artwork is being delivered to their personal homes, so this is a very exclusive gift to the nominees involved," she said.

The Oscar nominees and likely recipients of the 20 gift bags showcasing Ms Eaton's customised artwork in miniature are:

Ms Eaton said she wanted to personally congratulate and support the only Australian nominated.

"Margot Robbie is a talented Queenslander and she deserves to be acknowledged for her ongoing work."

Margot Robbie's on screen presence in Bombshell earned her an Oscar nomination for Best Supporting Actress. In 2019, the Queensland beauty received a nomination for the Golden Globe Award for Best Supporting Actress - Motion Picture, Screens Actors Guild Award for Outstanding Performance by a Female Actor in a supporting Role and she won the AACTA Award for the Best Actress in a Supporting Roles for co-starring in Bombshell. But it was Martin Scorsese's epic 2013 movie the Wolf of Wall Street, starring Leonardo DiCaprio, that provided Robbie with her Hollywood breakthrough.

Forty-five-year-old DiCaprio has scored his sixth acting Oscar nomination for his lead role in Quentin Tarantino's film, Once Upon a Time in Hollywood.

Ms Eaton said she chose DiCaprio for two reasons.

"The commitment Leonardo DiCaprio has in raising awareness and action in climate change issues is admirable especially with his recent donation to Australia's bushfire catastrophe," Ms Eaton said.

"And the second reason is that he is incredibly talented and I wanted to recognise this by way of a gift."

"The recent Golden Globes created a wonderful platform to highlight artists and world issues. The bushfires we are experiencing were mentioned many times and I'm sure the Oscars will be the same. The issues of climate change need to be addressed, not swept under the carpet," she said.

Ms Eaton's original paintings are highly sought after around the world and the buzz surrounding the Oscars is infectious.

"People feel for a moment like they are part of the elegance of the event."
