

# Greg Jones Joins Star Business Solutions

New Business Development Manager NSW & ACT announced

Star Business Systems would like to announce that Greg Jones has joined our team as Business Development Manager NSW & ACT. Greg began work in the IT industry in 1978 and since has worked with companies to gain benefit from the implementation of Enterprise Software into their businesses. Over the last 5 years Greg has been a business consultant helping companies in find "the sweet spot" within their organisations and putting systems in place to take advantage of this knowledge.

During his career Greg has held a number of senior roles including Sales Director, CEO and Vice President (US public company) for a number of International IT companies. He has experience in various ERP products and a specialisation in Field Service, Maintenance, Asset Management and Knowledge Management systems.

Greg's formal qualifications extend to Electronics (Computer Technology), Project Management, Business Consulting and Vocational Training. He is a Fellow of the Institute of Diagnostic Engineers, Associate of the Institute of Independent Businesses, Member of the Institute of Project Management, Member of Maintenance Engineers Society Australia (Engineers Australia). Overall he brings an extensive breadth of knowledge to his role enabling him to view client needs from a broad and experienced perspective.

Greg will be contactable from Monday 27th June on:

P: 02 9499 3377

M: 0411 690 203
